

Design	Egoé studio	
Character	Stand for double-sided bicycle parking. For soft contact with the bicycle or scooter, a rubber belt is attached to the supporting steel structure.	Charakter
Materials	The support frame of the rack consists of a welded single leg made of closed steel section and steel banding. The overhanging rubber strip is fixed to the structure with a steel rail and stainless steel fasteners. The surface treatment of the steel elements consists of a corrosion-protective zinc coating and a powder coating. The colour in a fine matt texture can be selected according to „ Samplers RAL “.	Werkstoffe
Anchoring	Anchoring to the concrete subfloor under the pavement using M8 threaded rods according to the valid anchorage drawing. All elements of the street furniture must be properly anchored, otherwise there is a risk of the product falling over during careless use, for which the manufacturer is not responsible.	Verankerung
Maintenance	Use the usual cleaning methods suitable for street furniture, see the manual „ Inspection and maintenance “.	Wartung
Weight	7.5 kg [16.5 lbs]	Gewicht
