

Design	Egoé studio	
Character	Stand for double-sided bicycle parking. For soft contact with the bicycle or scooter, a rubber belt is attached to the supporting steel structure.	Charakter
Materials	The supporting frame of the stand is made of welded bent steel strips. The overhanging rubber strip is fixed to the structure with a steel rail and stainless steel fasteners. The surface treatment of the steel elements consists of a corrosion-protective zinc coating and a powder coating. The colour in a fine matt texture can be selected according to „ Samplers RAL “.	Werkstoffe
Anchoring	Anchoring to the paving in the concrete base using threaded rods according to the valid anchorage drawing. All elements of the street furniture must be properly anchored, otherwise there is a risk of the product falling over during careless use, for which the manufacturer is not responsible.	Verankerung
Maintenance	Use the usual non-invasive cleaning methods suitable for street furniture, see the manual „ Inspection and maintenance “.	Wartung
Weight	11 kg [24 lbs]	Gewicht
		11 kg
